

The University of Guelph-Humber (U of GH) is located in Toronto and is a partnership between the University of Guelph (U of G) and Humber Polytechnic (Humber). U of GH was founded over 20 years ago on the principle of integrating experiential learning opportunities into the academic curriculum.

U of GH is a university that does things differently. Drawing from the expertise of our founding institutions, U of GH offers a closely connected community, a low student-to instructor ratio, the opportunity to engage in scholarly activity and valuable workplace experience.

U of GH is an ambitious and highly supportive community that takes students' success personally. This community comes together to provide an environment where students can learn and achieve their full potential.

I chose Guelph-Humber because I liked the idea of the dual-credential program where one can get a degree as well as a diploma in just four years of study. My classes are very interactive so I am easily able to connect with my peers and faculty. After graduation, I plan to pursue a career in investment banking.
